TECHNICAL SKILLS

Cloud: AWS (EC2, VPC, S3, IAM, RDS, CloudWatch, Lambda, Route53, DynamoDB, WAF, Systems Manager)

Networking: SSH, TCP/IP, HTTP(S), DNS, Load Balancing

DevOps Tools: Terraform, Docker, Python, Bash, GitHub Actions, Git, Grafana, Linux

EXPERIENCE

Site Reliability Engineer (DevOps)

March 2025 - Present

eTap Inc. · Makati City, Manila

- Automated cloud infrastructure provisioning using **Terraform on AWS**, reducing environment setup time by **80%**
- Managed AWS infrastructure including **EC2, S3, IAM, VPC, and CloudWatch** for scalable and operational resilience.
- Built event-driven alerting automation** using Python, AWS Lambda, CloudWatch Alarms, and SNS, reducing incident detection time by **60%** and accelerating response efficiency across SRE teams.
- Maintained **GitHub Actions CI/CD pipelines**, decreasing deployment failures by **40%**.
- Implemented proactive monitoring and observability strategies**, sustaining **99.9% system uptime** through real-time alerting, health checks, and performance optimization.
- Performed 24/7 on call rotation, conducting root cause analysis and reliability improvements**, resolving recurring incidents and strengthening platform stability through preventive engineering fixes.
- Containerized workloads using **Docker**, improving deployment consistency across environments.

IT Analyst

June 2024 - January 2025

CGIC · San Fernando, Pampanga

- Delivered technical support to 100 end-users experiencing issues with the Core Insurance System, **ensuring continuation of critical business operations**.
- Optimized PL/SQL scripts** to support system workflows, automate data processing, and provide reporting for business operations.
- Developed an inventory management system using HTML, CSS, and PHP for tracking and reporting, resulting in a **increase in operational efficiency**.
- Designed complex **SQL queries** for data extraction, reporting, and analysis, enabling data-driven decisions.

EDUCATION

BS in Computer Engineering

June 2015 - December 2020

Samar State University · Catbalogan City, Samar

CERTIFICATIONS

AWS Certified Solutions Architect - Associate | [Credentials](#)

AWS Certified Developer - Associate | [Credentials](#)

PROJECTS

Static website on AWS S3 with CloudFront | [View](#)

Deployed a static website on AWS S3 with Amazon CloudFront enabling secure, scalable, and low-latency website access.

CI/CD Pipeline for AWS Fargate with GitHub Actions | [View](#)

Developed a CI/CD pipeline for containerized applications using GitHub Actions through secure GitHub OIDC authentication.

IaC: Terraform State Management | [View](#)

Designed a robust Terraform state management strategy using remote backends and locking mechanisms to ensure consistency and collaboration in infrastructure provisioning.
